

# **PROJECT FRESH**

Additional Project Fresh booklets are available to any WIC participant (except infants) that have not yet received a booklet (limit 1 per family). They will be distributed on Friday, July 31<sup>st</sup>. Please call the WIC clerk to schedule your project fresh appointment.

Please note that Project Fresh will be held at the **MSU Extension Office** at 800 Crystal Lake Blvd. You will receive a reminder of this appointment that states that your appointment is at the Health Department – please note that this is an error - your project fresh appointment is not at the Health Department, but is at the MSU Extension Office. We apologize for this error. The state computer sends out these notices and we are unable to change the wording.
