Immediate Release

Dickinson-Iron District Health Department Delayed Contact Tracing

Iron River and Kingsford, Michigan – November 9, 2020. The Dickinson-Iron District Health Department would like to notify the public of delayed contact tracing. Due to reporting delays from local providers, the department is now exceeding their capacity to do timely contact tracing. If you have been notified that you have tested positive for coronavirus, please maintain your isolation as directed by your provider for 10 days beyond your onset of symptoms. It is also vital that you identify your close contacts (anyone who was within 6 feet of you for longer than 15 minutes in a 24-hour timeframe) and notify them as soon as possible. If you are contacted and notified that you are a close contact to a positive case, please self-quarantine yourself for 14 days and monitor yourself for symptoms regularly. If you are interested in getting tested please go to www.michigan.gov/coronavirus to find a testing location near you. Thank you for your patience in this matter.
